

Health and Death Reporting Form for the Toller Club of UK.

Please use this form to report any health results, illnesses, injuries or deaths. The results will be periodically summarised and reported in articles for Talking Tollers, &/or posted on the club website. Individual dogs will not generally be identified in these reports.

Health Report for (call name & registered name) **Date:**

Date of Birth			
Date of illness or injury		Symptoms	
Has breeder been informed?	Yes / No	Diagnosis please include details of how diagnosis was made. Attach extra files or pages as required.	
Outcome & prognosis: please note any information that may help in similar cases		Treatment plans: Please include dose rates etc as this may help in similar cases	
Source of information (owner/ breeder/ owner of close canine relative)			
Owner's name		Contact details	
If reporting a death			
Date of death		Cause of death	
Confidentiality	Please indicate all that apply		
	OK to release name of dog & owner to third parties	Yes/No	
	OK to share confidentially with owners with similar issues	Yes / No	
	OK to report to Kennel Club, BVA and KC recognised breed clubs	Yes / No	
	OK to share records for research, science or other health purposes	Yes / No	
	You prefer that records are kept confidential	Yes / No	

- please note these records are held electronically off-line and the database is periodically archived;
- we hold a list of willing mentors who may have experience of a toller with a similar illness or injury to yours,
- contact the health coordinator if you want to talk about your toller's illness or injury, want some help with information, or want to contact a "mentor", or are happy to be a mentor.

We feel that the more we share information then better decisions can be made to improve the health and wellbeing of our Tollers. Knowledge is power.

Email this form to health@thetollerclub.org.uk

Or post to Helen Geddes, Letterbea, Drumuillie Road, Boat of Garten, Highland, PH24 3BD
